GECKOS - March is Optimism Month

Our March GECKO theme is Optimism! Having a positive mindset is so important. It helps us solve problems in the right way. Being optimistic allows our brain to grow so we can do anything we put our mind to and helps us feel positive about ourselves when we are trying things that can be hard or new for us. When we try new things and are successful, we feel great about ourselves, and it gives us confidence to try other things that can be challenging. Some things to say to yourself are:

"I can do it!"

"Reading is hard for me, but I am getting better every day when I practice."

"With more work, I will be able to do this."
